This book is my first child. I hope you like the wonder it holds within. This book contains a collection of all my best poetry. It's also a collection of my hopes, my dreams, and my fears. I'm equally terrified of sharing this and super excited to do so. This book is split into eight different chapters. Each chapter represents a different part of my mind. They might seem a little weird to you but trust me, this feels like I'm being called out and dissected at the same time. I can honestly tell you that writing this book feels very cathartic. It actually feels like I'm yelling into a pillow. Finishing this book is an even more cathartic experience. I'm happy and scared. What a strange emotion.
