"You must believe in yourself and allow your dreams to soar." -- Shaesta Waiz Shaesta Waiz, a refugee from Afghanistan, dreamed of doing great things. But first she had to leave a refugee camp with her family to make a new life in America, overcome gender stereotypes, be the first in her family to go to college, and overcome her fear of flying. After becoming a pilot, Shaesta made the flight of a lifetime by crossing five continents, making thirty stops in twenty-two countries across nearly 25,000 nautical miles. At the age of thirty, Shaesta was the youngest woman and the first from Afghanistan to circumnavigate the globe by herself in a single-engine aircraft. *Fly, Girl, Fly!* is the first authorized picture book biography of Shaesta Waiz. Backmatter includes more information about Shaesta's mission to empower girls to pursue STEM careers, details about her historic trip around the world, information about her nonprofit organization Dreams Soar, and a personal note from Shaesta Waiz encouraging girls to pursue their dreams.

Please note: This ebook edition does not include the photo insert from the print edition. The widely anticipated memoir of legendary ace American fighter pilot, Robin Olds Robin Olds was a larger-than-life hero with a towering personality. A graduate of West Point and an inductee in the National College Football Hall of Fame for his All-American performance for Army, Olds was one of

the toughest college football players at the time. In WWII, Olds quickly became a top fighter pilot and squadron commander by the age of 22—and an ace with 12 aerial victories. But it was in Vietnam where the man became a legend. He arrived in 1966 to find a dejected group of pilots and motivated them by placing himself on the flight schedule under officers junior to himself, then challenging them to train him properly because he would soon be leading them. Proving he wasn't a WWII retread, he led the wing with aggressiveness, scoring another four confirmed kills, becoming a rare triple ace. Olds (who retired a brigadier general and died in 2007) was a unique individual whose personal story is one of the most eagerly anticipated military books of the year.
