Harold Jones Jazz Play-A-Long for
Bassists

Designed for all rhythm section players
and teachers. Listen to the CD as you
would any jazz recording, as the melody

is played in and out and the musicians solo, comp., and trade fours. Then, using your stereo balance control, eliminate your part and sit in! This is a tremendous tool for teachers; allowing isolation and careful study of each instrument's role with definitive chapters in the booklet that are written by the artists. Includes piano & guitar voicings, transcribed bass lines, outstanding drum information, and transcribed solos by Haerle, Petersen, and Coolman. Our first play-along where the drummer can be turned off and students can trade fours and eights with the pros (Volume 30B only). Rhythm Section: Dan Haerle (p); Todd Coolman (b); Jack Petersen (g); Ed Soph (d). Beyond Bop Drumming Hal Leonard Corporation
Sample drum set charts and examples

for practice in popular music styles.

The Jazz Drummer's Reading

Workbook Modern Drummer

A professional rhythm workbook researched from commercially released records as played by today's top studio drummers. The styles covered include commercial funk rhythms, reggae (authentic and funk), unusual time signatures, funk sambas, southern funk beats, and fusion funk.

The Tin Drum Alfred Music

Burt Korall is widely recognized as the most authoritative writer on jazz drumming. His first book *Drummin' Men - The Heartbeat of Jazz: The Swing Era* is considered a classic. Now, in this exciting sequel, Korall offers a richly informative history of drumming in the Bebop era. Korall looks at this music

through the eyes of the musicians themselves, covering a whole range of important jazz drummers, but focusing upon the most original and significant--principally Kenny Clarke, Max Roach, and Art Blakey. Korall provides a knowledgeable background about the history of bebop--and the unfortunate and almost universal heroin addiction that swept through the jazz world in the wake of Charlie Parker's habit. The book contains Korall's own memoir of nearly 50 years in the jazz world, linked by his narrative of the careers of these drummers and their place in the bebop jazz scene.

Charlie Watts' Favorite Drummers Alfred Music (Percussion). This beginning- to intermediate-level book contains

hundreds of practical, usable beats and fills. It teaches how to apply a variety of patterns and grooves to the actual performance of songs. The audio includes demos and 14 play-along tracks covering rock, blues and pop styles, with detailed instructions on how to create exciting, solid drum parts. It's the most realistic and fun! way to learn drums.

The ultimate drumset reading anthology
Modern Drummer

Voted second on Modern Drummer's list of 25 Greatest Drum Books in 1993, Progressive Steps to Syncopation for the Modern Drummer is one of the most versatile and practical works ever written for drums. Created exclusively to address syncopation, it has earned its place as a standard tool for teaching beginning drummers syncopation and

strengthening reading skills. This book includes many accented eighths, dotted eighths and sixteenths, eighth-note triplets and sixteenth notes for extended solos. In addition, teachers can develop many of their own examples from it.

Stick Control Alfred Music

When the African-American dancer Josephine Baker visited Berlin in 1925, she found it dazzling. "The city had a jewel-like sparkle," she said, "the vast cafés reminded me of ocean liners powered by the rhythms of their orchestras. There was music everywhere." Eager to look ahead after the crushing defeat of World War I, Weimar Germany embraced the modernism that swept through Europe and was crazy over jazz. But with the rise of National Socialism came

ensorship and proscription: an art form born on foreign soil and presided over by Negroes and Jews could have no place in the culture of a "master race." In *Different Drummers*, Michael Kater--a distinguished historian and himself a jazz musician--explores the underground history of jazz in Hitler's Germany. He offers a frightening and fascinating look at life and popular culture during the Third Reich, showing that for the Nazis, jazz was an especially threatening form of expression. Not only were its creators at the very bottom of the Nazi racial hierarchy, but the very essence of jazz--spontaneity, improvisation, and, above all, individuality--represented a direct challenge to the repetitive, simple, uniform pulse of German march music and indeed everyday life. The fact that

many of the most talented European jazz artists were Jewish only made the music more objectionable. In tracing the growth of what would become a bold and eloquent form of social protest, Kater mines a trove of previously untapped archival records and assembles interviews with surviving witnesses as he brings to life a little-known aspect of wartime Germany. He introduces us to groups such as the Weintraub Syncopators, Germany's best indigenous jazz band; the Harlem Club of Frankfurt, whose male members wore their hair long in defiance of Nazi conventions; and the Hamburg Swings--the most daring radicals of all--who openly challenged the Gestapo with a series of mass dance rallies. More than once these demonstrations turned

violent, with the Swings and the Hitler Youth fighting it out in the streets. In the end we come to realize that jazz not only survived persecution, but became a powerful symbol of political disobedience--and even resistance--in wartime Germany. And as we witness the vacillations of the Nazi regime (while they worked toward its ultimate extinction, they used jazz for their own propaganda purposes), we see that the myth of Nazi social control was, to a large degree, just that--Hitler's dictatorship never became as pure and effective a form of totalitarianism as we are sometimes led to believe. With its vivid portraits of all the key figures, *Different Drummers* provides a unique glimpse of a counter-culture virtually unexamined until now. It is a provocative

account that reminds us that, even in the face of the most unspeakable oppression, the human spirit endures.

Bass Drum Control Solos Hudson Music Limited

This book was created to help drummers improve their abilities to play great drum fills. the material presented was originally developed over the course of several years, as a result of the needs and requests of many of my students. As drummers practice playing fills, it becomes apparent that there are a variety of issues that need to be addressed. to play fluent and creative fills, a drummer needs a strong

foundation of basic fill concepts, the technique to execute the fill, and musical ideas for the content of the fill. Without these key elements, playing fills can be a source of difficulty and frustration. to further illustrate this idea... In some cases a drummer may practice a particular lick or sticking pattern to a high degree of physical execution, but does not have a clear understanding of how to apply it well within a musical phrase. the opposite is also sometimes true, a drummer may understand a simple rhythmic idea and play it very well as a fill, but doesn't quite know how to employ more interesting techniques or sounds into the phrase and get something else out of it. The goal of this book is to help drummers achieve a balance in these

necessary skills. This book presents a diverse collection of studies and exercises that clarify the basics of drum fills, develop more advanced and specific techniques to use in fills, and present many ideas for musical phrases using the techniques. the studies are presented in an order that follows a natural progression of ability, however... the exercises do not need to be played in the order they are presented. Students and teachers can select exercises to design a curriculum that fits a student's needs as their skills develop. with each set of exercises, you will find descriptions, tips and practice instructions. Sometimes they are written for each individual study, and when appropriate they are written for the entire chapter. Be sure to read the text

that accompanies each part of this book to get the most out of the exercise.

Inside the Big Band Drum Chart Warner Bros Publications

Miscellaneous Percussion Music - Mixed Levels

Progressive Steps to Syncopation for the Modern Drummer Hal Leonard Corporation

This book is designed for the drummer who has had some experience playing other styles of music but has a desire to learn some techniques and styles of jazz. It is assumed the reader has a knowledge of notes, measures or bars, time signatures, musical notation, and drum notation. A knowledge of the drum rudiments is also desirable. Though the book is meant as an overview to teach basic and essential jazz techniques, it

will take someone who is willing to put in the time and practice from being a total jazz novice to the level of being a competent drummer in the jazz idiom. In addition to learning the essential knowledge required to play jazz, the student will also accomplish many intermediate and advanced techniques. I should note that I wrote this book EXACTLY as I teach jazz drumming techniques in my private lessons. This system has been developed and refined over the years and has given excellent, proven results that have produced some fine drummers, many of whom went on to build careers playing and teaching jazz. I am hoping that this book will inspire the reader and student to delve further into the jazz idiom and develop his or her technique and knowledge to

the highest level. and even if the student goes no further in the jazz idiom, I am confident that the book will open doors to other avenues that the drums can take and will benefit the reader in any style of music he or she chooses to play.

Big Band Drumming at First Sight

Scarecrow Press

This book has become a classic in all musicians' libraries for rhythmic analysis and study. Designed to teach syncopation within 4/4 time, the exercises also develop speed and accuracy in sight-reading with uncommon rhythmic figures. A must for all musicians, especially percussionists interested in syncopation.

The Drummer's Complete Vocabulary as Taught by Alan Dawson Alfred Music Publishing

(Book). Learn how to strengthen your groove, master the 3:4 polyrhythm, and increase rhythmic awareness with this Modern Drummer book by Jonathan Joseph and Steve Rucker. Joseph has played with Bill Evans, Jeff Beck, Joss Stone, Pat Metheny, and many more artists, while Rucker was a drummer for the Bee Gees. Includes a foreword and introduction.

Rhythm Section Workout Centerstream Publications

It's About Time is the answer to statements you hear such as "don't rush," "don't drag," and "play in the pocket." The most important element in playing the drums is your time and feel. The exercises and practice CDs in this package will help identify good and bad time-keeping habits and will assist you in

deciphering between playing notes and performing music. You will learn concepts such as playing behind the beat, in the middle of the beat, on top of the beat, playing "the space," placement of drum fills, and many exercises to help you develop your "inner-clock." Also featured are many play-along examples and demonstrations from Dennis Chambers, Ricky Lawson, Harvey Mason, and more, plus an all-star band performing all of the accompaniment tracks. Simply a "must-have" for all serious drummers and musicians!

The Great Jazz Drummers Oxford University Press

Proficiency as a drummer has always come from great hand dexterity. However, with the introduction of modern drumming techniques, it has

become increasingly necessary to gain complete independence of both the hands and feet. With various rhythmic exercises in easy-to-read notation, 4-Way Coordination is designed to guide the drummer from simple patterns to advanced polyrhythms. Through the study of this method book, the student will gain invaluable listening skills and techniques that will provide insight to drumming in all styles.

Odd Time Reading Text Mel Bay Publications

Inside the Big Band Drum Chart is a first of its kind drum method that uses traditional and contemporary arrangements performed by a 17 piece

jazz ensemble as the vehicle to study beats, musical form, ensemble phrasing, articulation, and interpretation. For each arrangement, there is 'talk through' information explaining how the composition is played as well as transcriptions of key beats and melodic information that connects the 'written drum part' to the music. The 248 page book includes a 2.5 hour audio available online and an hour long video demonstrating every exercise in the text. Also included are anecdotes and interviews with legendary big band drummers and arrangers such as Louie Bellson, Jake Hanna, Phil Wilson, Mark Taylor and Bob Curnow. Includes access to online audio/video

The Evolution of Jazz Drumming Alfred Music Publishing

Includes 2 playalong CDs.
Modern Reading Text in 4/4 AuthorHouse (Book). In various interviews over the past 35 years Charlie Watts has expressed admiration for the talents of many drummers. But the fundamental connections of those he has noted as his favorites, help define his particular style, approach, and priorities as the drummer for the "Greatest Rock & Roll Band in the

World." Here then, are 26 biographies of Charlie Watts' favorites drummers. Included are Art Blakey, Chico Hamilton, Art Taylor, Phil Seamen, Ginger Baker, Jerry Allison, Papa Jo Jones, Jim Keltner, Kenny Clarke, Davey Tough, Billy Higgins, Elvin Jones, Roy Haynes, Jake Hanna, Tony Williams, Max Roach, Joe Morello, and Big Sid Catlett.
