ESTRELLA MOODY

Dress, Distress and Desire MIT Press
This book documents the careers of newspaper fashion editors and details what the fashion sections included in the post-World War II years. The analysis covers social, political and economic aspects of fashion. It also addresses journalism ethics, fashion show reporting and the decline in fashion journalism editor positions.

The Lost Art of Dress Basic Books
In a fashion world that constantly speaks to youth, *The Wardrobe Wakeup*, is an essential look book for every woman 40+. Leading fashion and beauty editor Lois Joy Johnson shares style-boosting, closet reviving, money-saving fashion tricks she's learned over thirty years working with A-list models, celebrities, and real women. *The Wardrobe Wakeup* is packed with solutions to fashion dilemmas specific to women 40+, like: changes in skin that make baring legs, arms, and chest an uncomfortable experience; working with colleagues half your age or a boss twenty years younger; going on job interviews where the competition is thirty years old. Lois also addresses fashion problems surrounding lifestyle changes including

the horrors of dating again, what's sexy vs. sleazy, and rethinking spending on clothes if living on investments or 401(k)s. Featured in photos throughout are glam women 40+ in the fashion and beauty business. Each woman provides inspiration through interviews about their own style and fashion solutions at this time of life. In Lois's engaging point of view and straightforward approach, she teaches women to maximize their wardrobe and feel fabulous at any age. *The Cut of Women's Clothes* Amberley Publishing Limited

The story of women's liberation as told by their changing dress - in the public gaze and in private

For many Westerners, the veil is the ultimate sign of women's oppression. But Elizabeth Bucar's take on Muslim women's clothing is a far cry from this

attitude. She invites readers to join her in three Muslim-majority nations as she surveys pious fashion from head to toe and shows how Muslim women approach the question "What to wear?" with style.

The Wardrobe Wakeup Springer Nature

How wealthy American women--as consumers and as influencers--helped shape French couture of the late nineteenth century; lavishly illustrated. French fashion of the late nineteenth century is known for its allure, its ineffable chic--think of John Singer Sargent's Madame X and her scandalously slipping strap. For Parisian couturiers and their American customers, it was also serious business. In *Dressing Up*, Elizabeth Block examines the couturiers' influential clientele--wealthy American women who bolstered the French fashion industry with a steady stream of orders from the United States. Countering the usual narrative of the designer as solo creative genius, Block shows that these women--as high-volume customers and as pre-Internet influencers--were active participants in the era's transnational fashion system. Block describes the arrival of nouveau riche Americans on the French fashion scene, joining European royalty, French socialites, and famous actresses on the client rosters of the best fashion houses--Charles Frederick Worth, Doucet, and Félix, among others. She considers the mutual dependence of couture and coiffure; the participation of couturiers in international expositions (with mixed financial results); the distinctive shopping practices of American women, which ranged from extensive transatlantic travel to quick trips downtown to the department store; the performance of conspicuous consumption at balls and soirées; the

impact of American tariffs on the French fashion industry; and the emergence of smuggling, theft, and illicit copying of French fashions in the American market as the middle class emulated the preferences of the rich. Lavishly illustrated, with vibrant images of dresses, portraits, and fashion plates, *Dressing Up* reveals the power of American women in French couture.

Winner of the Aileen Ribeiro Grant of the Association of Dress Historians; an Association for Art History grant; and a Pasold Research Fund grant.

The Dress of Women and Children ...
Reprinted from "The Health Journal."
Penguin

Social Psychology of Dress presents and explains the major theories and concepts that are important to understanding relationships between dress and human behavior. These concepts and theories are derived from such disciplines as sociology, psychology, anthropology, communication, and textiles and clothing. Information presented will provide summaries of empirical research, as well as examples from current events or popular culture. The book provides a broad-based and inclusive discussion of the social psychology of dress, including: - The study of dress and how to do it - Cultural topics such as cultural patterns including technology, cultural complexity, normative order, aesthetics, hygiene, ethnicity, ritual - Societal topics such as family, economy-occupation, social organizations and sports, fraternal organizations - Individual-focused theories on deviance, personality variables, self, values, body image and social cognition - Coverage of key theories related to dress and identity provide a strong theoretical foundation for further research Unique chapter

features bring in industry application and current events. The end-of-chapter summaries, discussion questions and activities give students opportunities to study and research dress. Teaching resources including an instructor's guide, test bank and PowerPoint presentations with full-color versions of images from the textbook. Social Psychology of Dress STUDIO - Study smarter with self-quizzes featuring scored results and personalized study tips - Review concepts with flashcards of essential vocabulary - Download worksheets to complete chapter activities

Dressing Up Running Press

This beautifully illustrated journal provides guided entries designed to engage self-empowerment strategies for women who desire personal growth and achievement.

Notebook Bloomsbury Publishing USA

This work focuses on the efforts toward reforming women's dress that took place in Europe and America in the latter half of the 18th century and the first decade of the 20th century, and the types of garments adopted by women to overcome the challenges posed by fashionable dress. It considers the many advocates for reform and examines their motives, their arguments for change, and how they promoted improvements in women's fashion. Though there was no single overarching dress reform movement, it reveals similarities among the arguments posed by diverse groups of reformers, including especially the equation of reform with an ideal image of improved health. Drawing on a variety of primary and secondary sources in the USA and Europe - including the popular press, advice books for women, allopathic and alternative medical literature, and books on aesthetics, art, health, and physical education - the text

makes a significant contribution to costume studies, social history, and women's studies.

Reforming Women's Fashion,

1850-1920 Harvard University Press

Don't Tell Me How to Dress Yale University Press

Originally serialized in 1915 in *The Forerunner*, and never before published in book form, *The Dress of Women* presents Gilman's feminist sociological analysis of clothing in modern society. Gilman explores the social and functional basis for clothing, excavates the symbolic role of women's clothing in patriarchal societies, and, among other things, explicates the aesthetic and economic principles of socially responsible clothing design. The introduction, by Hill and Deegan, situates *The Dress of Women* within Gilman's intellectual work as a sociologist, and relates her sociological ideas to the themes she developed in some of her other works. Although written in 1915, Gilman's treatment of

clothing and dress remains relevant. This pioneering effort adds substantially to Gilman's reputation as a sociological theorist and feminist. In addition, it represents one of the earliest full-length specifically sociological analyses of clothing and the fashion industry. Ultimately, the author concludes that harmful and degrading aspects of women's dress are amenable to reform if men and women will work together rationally to change the controlling institutional patterns of the society in which they live. This groundbreaking work will appeal to those interested in Gilman, feminist theory, sociological theory, social psychology, women's literature, and women's studies.

Everyday Fashion in Found Photographs Routledge

A critique of the politics of dress for women in power. What is the relationship between fashion, women, and power? As never before, women in positions of political power find themselves facing the maelstroms of mass media regarding both their fashion and their right to govern. In this book, contributors offer a wide set of perspectives on women and their fashions when taking up powerful positions in Australia, New Zealand, the United Kingdom, and the United States as well as emerging women leaders in Asia. This book questions the relationship between women and dress and interrogates how this conversation informs and articulates how women are viewed when taking up public office. The book critiques the interplays between politics, power, class, race, and social expectations concerning the politics of getting dressed.

Each period in the history of costume has produced its own characteristic line and silhouette, derived from a cut and construction which varies considerably from age to age. Here are patterns taken from actual dresses, many of them rare museum specimens, illustrated by sketches of the dresses. There are notes on the production of women's dress, with references to early technical books and journals, together with diagrams from some of them. Numerous illustrations show the dresses as worn complete with their hairstyles, jewelry, decorations and accessories.

Ladies' Home Journal Bloomsbury Publishing

A history of the women who taught Americans how to dress in the first half of the 20th century—and whose lessons we'd do well to remember today.
